SUMMARY

Data Science undergraduate with a background in programming, databases and data analysis. Interested in working with data to find insights and solve real-world problems using logical and analytical thinking. Currently developing skills in statistics, data visualization and machine learning. Seeking an internship to apply my knowledge, gain industry experience and contribute to data-driven decision making.

TECHNICAL SKILLS

Programming Languages - Java | C | JavaScript | PHP | R

Web Development - HTML | CSS | React | Node.js

Database Management - MySQL | SQL Server | MongoDB

Tools & Platforms - Git | VS Code | XAMPP

SOFT SKILLS

Leadership | Teamwork | Creative Thinking | Positive Attitude | Goal-Oriented Mindset | Time Management | Organizational Skills | Problem Solving

EDUCATION

Sri Lanka Institute of Information Technology (SLIIT) | GPA: 3.35/4.0

(2023 - present)

- BSc (Hons) Degree in Information Technology Specializing in Data Science-3rd year

Sirimavo Bandaranaike Vidyalaya, Colombo 07

(2008 - 2022)

- G.C.E. Advanced Level – Physical Science Stream (2022)
- G.C.E. Ordinary Level (2018)

ACADEMIC PROJECTS

Data Science Projects

- **Data Warehouse for Retail Analytics (MS SQL, SSIS, SSAS, Power BI)** Year 03
Designed and implemented a dimensional Data Warehouse to centralize transactional store data for advanced Business Intelligence.
 - Built ETL pipelines in SSIS for cleaning, transformation and surrogate key integration
 - Designed a Star Schema and developed an OLAP Cube in SSAS for multidimensional reporting
 - Connected Power BI and Excel for interactive dashboards, enabling instant insights into sales trends and profit margins
- **Box Office Data Analysis (R, Kaggle Dataset)** Year 03
Conducted statistical analysis on global movie revenue and ratings (2000–2024) to study audience perception vs. financial performance.
 - Cleaned and preprocessed Kaggle dataset using R (dplyr, ggplot2)
 - Applied EDA, Kruskal–Wallis test, Dunn’s post hoc test and Shapiro–Wilk normality testing
 - Discovered that higher-rated movies consistently generate higher worldwide revenue, though outliers show marketing/franchise effects

Software Development Projects.

- **Facility Management System – Web Application (MERN Stack)** Year 03
Developed a full-stack web application to manage facilities and bookings efficiently
 - Contributed to the facility booking (ticket) module, including creation, updates and status management
 - Built UI with React and developed RESTful APIs using Node.js and Express
 - Integrated Cloudinary for image uploads and used Aiven for managed database services

- Closet – Mobile App (Kotlin, Android Studio)** *Year 02*
 Developed an Android app providing personalized outfit recommendations using hybrid recommendation algorithms.
 - Designed and implemented the full UI/UX with responsive layouts, onboarding screens and interactive recommendation views
- Habit Tracker – Mobile App (Kotlin, Room Database)** *Year 02*
 Built a mobile app to track habits with progress insights, streaks and motivational tips.
 - Designed Room entities and DAOs for persistent habit and log data
 - Implemented streak logic, progress percentage and rule-based motivational tips
 - Integrated Room database for offline personalization and caching
- E-Grama Niladhari Website (MERN Stack)** *Year 02*
 Developed a digital platform to manage citizens, household and property records for Grama Niladhari officers.
 - Designed MongoDB collections and backend APIs for Family & Residential Data Management
 - Implemented JWT authentication and role-based authorization
- Blood Donation System – Web Application (PHP, MySQL)** *Year 01*
 Built a web application to streamline donor registration, eligibility checks and appointment booking.
 - Designed the database schema and implemented donor registration and eligibility quiz modules
 - Improved donor management compared to manual processes by enabling online scheduling and centralized record-keeping

CERTIFICATIONS

- MongoDB Data Modeling Learning Path – MongoDB University (2026)

EXTRA CURRICULAR ACTIVITIES

- Internship - Commercial Bank of Ceylon PLC (2023)
- Senior Prefect - Sri Kalyani Dhamma School, Kelaniya (2019/2020)
- Successfully completed the Examination of Buddhist Dhamma Teachers (2019)
- Successfully completed Dhamma Schools Final Examination (2018)
- Committee Member - Science Society
- Committee Member - Art Society
